STYLE

You need
some sole...
chunky
soles.

We're going for a bit of a Hedi Slimane homage here, so the shoe - while on the smarter side - needs a bit of an indie twist. Rather than going for Dr Martens, which would read a bit too punk, a chunky oxford or low ankle boot will do. As for the whole style, we're keeping things streamlined (not skinny), but with a few serious, shady undertones.
