БЛИКИ СОЛНЦА

Мерцающие золотом и перламутром пудры — незаменимая вещь для жарких вечеринок. В новом сезоне их выпустили, как духи, во флаконах с помпой — для эффектного нанесения. Всего пары пшиков — и лицо, тело и волосы засияют неярко, но сексуально. А еще эти пудры благоухают розой, бергамотом и пачулими.

ТЕЛОХРАНИТЕЛЬ

Прошли времена, когда солнцезащитные средства оставляли белые пятна на коже или портили купальники. Косметика нового поколения впитывается за считанные секунды, и ей не страшны ни песок, ни вода, ни пот. Выберите средства не только по уровню SPF, но и по текстуре. Сухое масло, гель, пропитанные лосьоном салфетки – свою идеальную пару найдет даже самая требовательная курортница.

FROM THE ROLLING HILLS OF MOLDOVA
COMES XENIA DELI, ONE OF THE MOST
JAW-DROPPINGLY BEAUTIFUL WOMEN
YOU'LL EVER LAY EYES ON...

WORDS: LOUIS RAUBENHEIMER

FECT

The term supermodel is bandied around far too freely these days. It should be reserved for that variety of woman who is not only such an exceptional exemplification of her class that just one glance at her will be enough to sear her face onto your retinas for life – but she also has to have you asking if she comes from the same planet as the rest of us. If anyone can rightfully lay claim to being a supermodel in the making it's our cover girl, Xenia Deli, who's been causing a lot of buzz in the fashion industry over the past few months – but her ambitions go well beyond just that. Remember her name, because we know you'll never forget her photos... >

This is an extremely sexy set of pictures. Where did you guys shoot?

The location was an amazing penthouse apartment that Gavin [O'Neill] found in Los Angeles, with the most beautiful light you can imagine and an amazing view. I think these are some of my favourite pictures so far. I like to shoot sexy pictures, so I'm glad you like them too.

Apparently you've spent some time in South Africa. What did you think of the place?

Yes — just recently, and I loved it! I was there for only a few weeks, but it seems like a place that's good for the soul, and a perfect break from the craziness of L.A.

You're from Moldova — how would you describe the country to someone who's never been there?

Moldova was part of Russia, and now it's an independent country, but it's still very poor, unfortunately. But the people are great, and very hospitable, and they live in such a way that they learn to appreciate the small things in life. I guess I could also be describing South Africa with these words, so maybe it's not so different...

Are you a football fan?

When I was young I sometimes used to go watch with my father.

Which is your favourite team?

AC Milan from Italy, but that's just because one of my favourite players is Andriy Shevchenko.

Who are you going to be rooting for at this year's Euro Championships?

I will support Russia, for sure, because the more supporters they have, the luckier they might be.

So are you a big-city girl or do you come from the countryside?

I come from a small village in the south of Moldova called Basarabeasca. There are only about five or six thousand >
