SEM MARQUINHA

Curta a estação com estilo sem ficar com a lembrança no corpo dos modelos maiorzinhos, recortados ou com alças trabalhadas. Use filtro solar com FPS 50 ou mais e reaplique a cada duas horas e sempre que se molhar. Se desajar, peça ao dermatologista um reforço via oral, duas semanas antes do verão.

CABELO SOLAR
Para manter a cor intacta,
aposte em produtos com
FPS, que evitam a oxidação.
Uma hidratação power
antes da praia deixa o
cabelo preparado para as
agressões e um leave-in (na
bolsa, sempre!) ajuda a
manter o brilho e faz o
papel de hidratante express.
