An outrage of colour

When opportunity calls for something a little more outrageous, your best friends are colour and print.

A

The first rule of outrage is this: if you're working in a mad colour, make your base print a classic one, like a window pane check. If you're working in a serious colour, then you have free range to go wild on the print. It's all about striking a balance.

B

A fun way to inject some more drama is by clashing prints. You could go full tool with a printed overcoat, but a more subtle way is to opt for a print detail, like a panel or accent on your suit, or even a pop in the form of a pocket square. Remember, if your base colour is mad, go for a traditional print, like paisley.

C

Don't be so plain. Hybridity is a huge theme in fashion at the moment. If you really want to call attention to your look, find a piece that features some kind of crossover design, like a pleated suit front inspired by the Scottish kilt.
