STRIP ME DOWN

The formulations and sophistication of skin-refining products improve each season. Here are some of our favourites, with a sprinkling of colour products to complement your glow

PEELING FACE MASK
Theravive takes its cues from environmental nestles for this superb face mask, the **ULTRAVIVE ADVANCE REJUVENATING GOLD COLLAGEN FILM, R277**. It combines plant-sourced collagen, aided by 24ct gold and diamond dust to enhance its moisturising, brightening and protective factors.

A close-up portrait of a woman with dark skin and hair, wearing a gold peeling face mask. She is holding the edge of the mask with her right hand, peeling it away from her face. The mask is a shimmering gold color and is being removed from her chin and cheek area. Her eyes are closed, and she has a serene expression. The background is a plain, light grey.

WISDOM WORTH
The darker your skin, the more melanin you have. "While this is a natural sun protectant, it doesn't mean you're immune to sunburn," says dermatologist Dr. Inahad Essack. Sun damage can slow down the process of fading hyperpigmentation and dark spots, which is why it's important to wear a broad spectrum sunscreen to protect against UVA and UVB rays (the former causes premature aging, wrinkles and sun spots, and the latter causes sunburn – both types can cause cancer). "Although no sunscreen is waterproof, it is important to choose one that is water resistant," advises Dr. Essack. We love Nivea's Protect + Refresh SPF50, £15.95.
