AQUILA

Originally specialising in shoes, Aquila was inspired by Italian footwear techniques. In 2012, it then launched a full menswear line that presented a fresh take on Italian style with a focus on quality. The brand offers a variety of quality options to let you stand out from the style pack, from shades of burgundy to cool patterns and prints.

JACK LONDON

Inspired by 19th-century rock 'n' roll, this menswear label is known for its modern, rugged approach. The latest collection delivers an innovative and plenty of attitude - think drapery, silk, silk, and tailored suits. Jack London is the best way to take your office attire to the next level - keep the shirt and tie, but try adding the suit jacket for a fitted leather one.
