STYLE

Moving into the warmer months,

the look is still snug,
but with a lighter
weight of denim
and with far fewer
layers. Go for a
classic pairing of
items, as these
will help simplify
your style.

STYLE

You need some sole... chunky soles.

We're going for a bit of a Hedi Slimane homage here, so the shoe – while on the smarter side – needs a bit of an indie twist. Rather than going for Dr Martens, which would read a bit too punk, a chunky oxford or low ankle boot will do. As for the whole style, we're keeping things streamlined (not skinny), but with a few serious, shady undertones.
