FASHION ADVICE | **ESSENTIALS**

Trendy

A

Though not ideal for the office, the trendier approach to suiting is the skinny look. Of course, even with skinny, you need to pay attention to the cut, ensuring that you have enough space in the shoulder and arm.

B

When going skinny, if you aren't opting for ultra-slick and minimal, consider layering your shirt with a knit and a matching knitted tie for a little wit.

C

The cropped suit length is one that a few men struggle with, but done right it's dashing – and a throwback to the aristocratic dress of yore. As it's winter, make sure you wear a thick pair of socks.
