Coral Nails

Makeup minimalist? Pair clean skin with vibrant nails.

MAKE IT POP
For color that looks as bright on your nails as it does in the bottle, slick on a layer of white polish after your base coat (before the coral). This will cover your nail's natural shade, which makes the polish appear darker.

KEEP IT SUBTLE
Paint nails with a neutral hue (nude or greige), then use coral as an accent. Draw a half-moon or small dot at the bottom of each nail.

Cobalt Lashes

For starters, it's fun. And blue mascara also makes the whites of your eyes look brighter.

MAKE IT POP
"With any colored mascara, it's best to use a white primer first to seal the application and intensify the color," explains Lee. A good one: NYX Big & Loud Lash Primer (\$7; ulta.com).

KEEP IT SUBTLE
Brush on black mascara first, then swipe the blue over the tips. The color will catch the light when you move, but it won't be in-your-face. Skip lower lashes.
