## БЛИКИ СОЛНЦА

Мерцающие золотом и перламутром пудры – незаменимая вещь для жарких вечеринок. В новом сезоне их выпустили, как духи, во флаконах с помпой – для сверхтонкого нанесения. Всего пара пшиков – и лицо, тело и волосы засияют негромко, но сексуально. А еще эти пудры благоухают розой, бергамотом и пачулями.

## ТЕЛОХРАНИТЕЛЬ

Прошли времена, когда солнцезащитные средства оставляли белые пятна на коже или портили купальники. Косметика нового поколения впитывается за считанные секунды, и ей не страшны ни песок, ни вода, ни пот.

Выбирайте средства не только по уровню SPF, но и по текстуре. Сухое масло, гель, пропитанные лосьоном салфетки – свою идеальную пару найдет даже самая требовательная курортница.

Солнцезащитный спрей: SUN CONTROL SPF 50, солнцезащитный гель для тела: SUN SPORT DRY TOUCH SPF 20, оттеночный BB-крем для тела: BRONZING BEAUTY, ВСЕ LANCASTER.

Топ из хлопка с помпидо-дом: JEAN PAUL GAULTIER, джинсовые шорты: PAUL & JOE, соломенная шляпа: MAISON MICHEL.

**This is an extremely sexy set of pictures. Where did you guys shoot?**

The location was an amazing penthouse apartment that Gavin [O'Neill] found in Los Angeles, with the most beautiful light you can imagine and an amazing view. I think these are some of my favourite pictures so far. I like to shoot sexy pictures, so I'm glad you like them too.

**Apparently you've spent some time in South Africa. What did you think of the place?**

Yes – just recently, and I loved it! I was there for only a few weeks, but it seems like a place that's good for the soul, and a perfect break from the craziness of L.A. **You're from Moldova – how would you describe the country to someone who's never been there?** Moldova was part of Russia, and now it's an independent country, but it's still very poor, unfortunately. But the people are great, and very hospitable, and they live in such a way that they learn to appreciate the small things in life. I guess I could also be describing South Africa with these words, so maybe it's not so different...

**Are you a football fan?**

When I was young I sometimes used to go watch with my father.

**Which is your favourite team?**

AC Milan from Italy, but that's just because one of my favourite players is Andriy Shevchenko.

**Who are you going to be rooting for at this year's Euro Championships?**

I will support Russia, for sure, because the more supporters they have, the luckier they might be.

**So are you a big-city girl or do you come from the countryside?**

I come from a small village in the south of Moldova called Basarabasca. There are only about five or six thousand
