## PEELING FACE MASK

Theravine takes its cues from environmental nasties for this superb face mask, the **ULTRAVINE ADVANCE REJUVENATING GOLD COLLAGEN FILM, R277**. It combines plant-sourced collagen, aided by 24ct gold and diamond dust to enhance its moisturising, brightening and protective factors.

**MELANIN MYTHS**

The darker your skin, the more melanin you have. "While this is a natural sun protectant, it doesn't mean you're immune to sunburn," says dermatologist Dr Irshad Essack. Sun damage can slow down the process of fading hyperpigmentation and dark spots, which is why it's important to wear a broad spectrum sunscreen to protect against UVA and UVB rays (the former causes premature ageing, wrinkles and sun spots, and the latter causes sunburn – both types can cause cancer). "Although no sunscreen is waterproof, it is important to choose one that is water resistant," advises Dr Essack. We love Nivea's Protect + Refresh SPF50, R165.
